08 DECORATED CHAMBER
 This chamber was once highly decorated with painted plaster covering the walls, depicting the activities of centuries-dead dwarven warriors. They have long since been vandalized and covered with foul graffiti) by the current resident - a large bugbear warrior 2 (CR 4) named Gorg the Bloodyhanded that has taken this room as his personal quarters. He has a few assorted possessions in this room: a masterwork bastard sword, a black bear pelt (Perception DC 15), and a small chest of assorted valuables.

 Treasure: Decorated Chamber

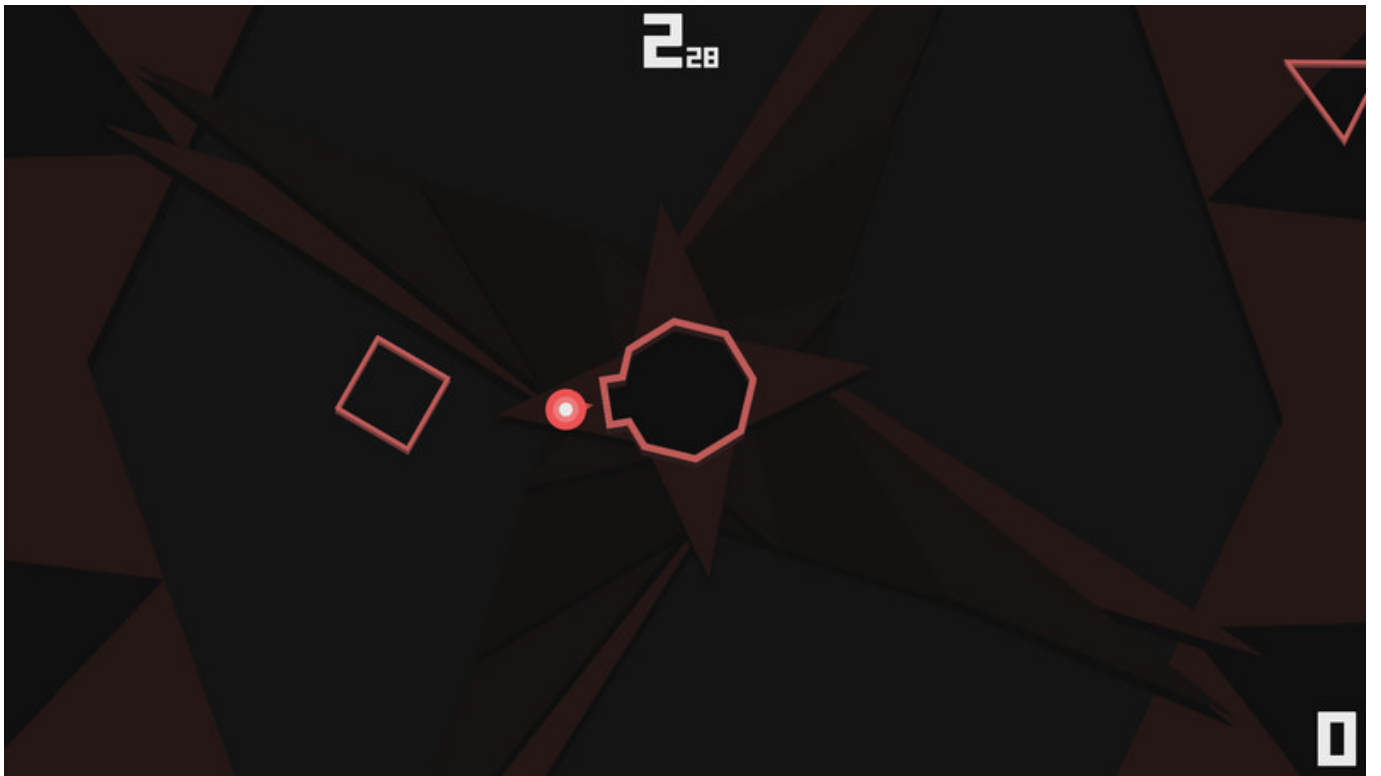

09 CORRIDOR
 This short corridor is entirely unremarkable but the wooden door at the end is locked. Gorg and the hobgoblins have strayed past this point and have no idea what lies beyond.
 Encounter: Trapped Antechamber

09 CORRIDOR
 This chamber is entirely unremarkable but the flagstone in the center of the floor is a trap. It should someone check it notices an audible "gong" sound.
